PROFESSIONAL PROFILE

A charismatic individual with a proven track record of driving positive change and implementing successful reform, looking to make a lasting impact within a progressive organisation. With 10 years of customer-centric experience and an autotelic, growth-oriented mindset, I am fiercely driven to secure my first IT role, where I can utilise my interpersonal skills within a high-pressure, value-focused environment while beginning to establish a rewarding career in IT.

EXPERIENCE

RETAIL WORKER - ASDA

Staffordshire, UK | Oct 2023 - June 2026

- Identified a recurring source of waste-driven loss (approximately \$300/week) and designed a sorting system to eliminate it.
- Recognized inefficiencies within existing workplace equipment that were limiting staff productivity, then designed and built an equipment monitoring application to identify and address these issues, improving worker efficiency by approximately 25% per shift.

MEDIA MANAGER (SEASONAL) - Camp Burgess

Sandwich, MA | Summer 2022, 2023, 2024

- Grew Instagram following from ~4,000 to ~5,500 by implementing a consistent content schedule and increasing audience engagement through interactive posts.
- Developed superb self-management, organisation, and time-management skills by independently creating and adhering to goal-oriented schedules to consistently meet personal objectives.

SALES ADVISOR - Mobile Thinking (EE)

Aberystwyth, UK | Nov 2022 - Apr 2023

- Diagnosed and resolved device hardware, configuration, and basic networking issues, ensuring customers understood each step through clear, accessible communication.
- Built strong customer relationships by actively listening, communicating clearly, and tailoring solutions to individual needs while performing confidently under pressure and consistently meeting targets.

KITCHEN TEAM LEADER - J.D. Wetherspoon

Aberystwyth, UK | Dec 2018 - Nov 2022

- Led teams of up to 8 people through busy, high-stress environments, providing performance reviews with critical guidance.
- Conducted various stock-taking procedures responsible for monitoring ongoing stock levels, aimed at saving the business money.

FURTHER INFORMATION

- An avid learner with a thirst for understanding cybersecurity, I enjoy exploring new technologies and developing my technical knowledge in my spare time, particularly through hands-on learning with platforms such as TryHackMe.
- I have just migrated to the USA from the United Kingdom, and I am thoroughly looking forward to my first role.
